The University of Minnesota is committed to the policy that persons shall have equal access to its program, facilities, and employment without regard to race, color, creed, religion, national origin, sex, age, marital status, disability, public assistance status, veteran status, or sexual orientation.

Physical Examination Certification

A University of Minnesota School of Nursing applicant to either the Bachelor of Science (BSN) in Nursing or the Master of Nursing (MN) is required to have a physical examination prior to matriculating in the School.

By signing this form, I am acknowledging compliance with this standard and certifying that I have had my physical examination by a qualified, licensed physician or nurse practitioner. If I have not had the required physical examination, I understand that this will preclude me from matriculating in the School of Nursing. I have reviewed the School of Nursing Technical Standards with my physician or nurse practitioner. To the best of my knowledge, I meet these Technical Standards with or without reasonable accommodations.

Name (please print) __________________________

Student’s Signature _________________________ Date ____________

Information on Disability Services and Accommodations

It is University policy to provide, on a flexible and individualized basis, reasonable accommodations to students who have a documented disability condition that may affect their ability to participate in course activities or to meet course requirements. The rigors of nursing education are such that students with disabilities (physical, learning, psychiatric, vision, hearing or systemic) are strongly encouraged to contact the Office of Disability Services to have a confidential discussion of their individual needs for reasonable accommodations to meet the essential requirements of the program. Staff can be contacted at Suite 180 McNamara Alumni Center, 200 Oak Street or by calling (612) 626-1333 (voice or TTY.) Registration with DS enables the School of Nursing to coordinate reasonable accommodations for a student’s disability during the nursing curriculum.

School of Nursing faculty may be contacted directly if a registered nursing student needs accommodations due to a temporary illness or injury.
