School of Nursing (SON) faculty Dr. Teddie Potter, Clinical Associate Professor and specialty coordinator for the DNP in Health Innovation and Leadership and Dr. Karen Monsen, Associate Professor and specialty coordinator for the DNP in Nursing Informatics will lead a study abroad course to Iceland from May 14-21 2016. This 1-2 credit course will be offered to a minimum of 10 and maximum of 16 graduate students in nursing. If you would like to join us, please inform one of the instructors as soon as possible to give us an idea of possible interest in this course.

**Course Description:**
This 1-2-credit course will focus on international nursing leadership and informatics grounded in population health. Students will observe different models of health care delivery in Reykjavik and explore the impact of a single payer system. Working with University of Iceland nursing faculty and students, UMN students will experience health and healthcare in a technologically and socially advanced nation. Additional experiences include cultural excursions to some of Iceland’s many historic and natural wonders. Course work will include pre-trip readings and on-line activities to prepare you for the cross-cultural experience. A short graduate level reflective paper will be due after your return.

**School of Nursing Faculty:**
Teddie Potter, PhD, RN, and Karen Monsen, PhD, RN, FAAN

**Estimated cost per student of $3808** includes SON administrative course fee of $585, International Travel Insurance of $15.75 (required by the UMN), estimated airfare $840.66, hotel double occupancy $789.10, in-country excursions and transportation. UMN SON tuition/fees are not included in the estimated cost.

**Student Eligibility:**
You must be a current UMN student in good standing and have a US passport that is valid for at least six months beyond the date of travel.

**Application Process:** Applications will be formally received starting January 2016.
