The University of Minnesota is an equal opportunity educator and employer.
Printed on recycled and recyclable paper with at least 10 percent post-consumer material. 1100/7-2017
How to apply
Submit your application via NursingCAS.

Application requirements include:
- Education history
- Official transcripts
- GRE scores, if applicable
- Prerequisite information
- Resume/Curriculum Vitae
- Essay response
- Two professional reference letters
- English proficiency score, if applicable

NursingCAS will verify that your application is complete and will alert you if items are missing. Your application will not be reviewed by the School of Nursing until it is complete and verified. Selected applicants, based on a holistic admissions review, will be invited to participate in an interview with faculty.

Application dates
- September 1: Application is available via NursingCAS
- November 1: Application submission deadline
- Late February/Early March: Applicants will be notified of an admission decision.

The Master of Nursing program at the University of Minnesota is accredited by the Commission on Collegiate Nursing Education.

More detailed information regarding these steps can be found at z.umn.edu/mnhowtoapply.

Why the School of Nursing?
Students in the Master of Nursing program at the University of Minnesota represent a rich diversity of educational and professional backgrounds. Students bring prior experience as teachers, artists, attorneys, business people, technicians and more. This broad range of experiences brings energy and wide-ranging perspectives to the program.

Your educational experience will be enhanced by award-winning faculty and state-of-the-art learning facilities. The school partners with more than 250 health and community organizations to provide students with exceptional supervised practicum experiences.

Why the U of M?
With a rich and collaborative environment for discovery, the University of Minnesota has one of the largest, most comprehensive academic health centers in the nation. As a nursing student, you will have the opportunity to participate in classes and activities that teach you how to work effectively with other members of the health care team.

As a graduate of this full-time program, you will be prepared to take the national licensure exam to become a registered nurse. Graduates are eligible for certification in public health nursing in Minnesota.

Admission requirements
The Master of Nursing program attracts a strong pool of applicants from across the country for a class size of 64 students. Below are the minimum admission requirements:
- A GPA of 3.0 or better from the most recently obtained degree
- Bachelor’s degree from an accredited institution in any field other than nursing (degree must be complete by June prior to the fall semester of enrollment)
- Nine prerequisites completed at the time of entry
- Graduate Record Exam (GRE) is required for applicants who have not completed a graduate degree by the application deadline
- English proficiency exam, if applicable (minimum TOEFL score of 95)

Prerequisites
There are nine prerequisites for the Master of Nursing program. Five prerequisites must be completed by the Nov. 1 application deadline. It is recommended that at least three of the five prerequisites completed by the application deadline be in the sciences (the starred courses below).
- General Chemistry *
- Microbiology *
- Human Anatomy *
- Human Physiology *
- Pathology *
- Lifespan Growth & Development
- Abnormal Psychology
- Human Nutrition
- Inferential Statistics

All prerequisite courses:
- Must be completed prior to the start of the program
- Must be taken for a letter grade (A-F) and completed with a C- or better
- Are preferred to be upper-level or graduate courses, but not required
- Must meet minimum credit and timeline requirements

Go to z.umn.edu/mnprereqs for more detailed prerequisite information.
