

1945 Memory from Shirley Small

This photo of the Student Nurse Council was taken in our Cadet Nurse Uniforms in front of the old Minneapolis General Hospital. Those in my class that are starred are Fall '45 graduates. We left eight months later for Army or Navy hospitals.

Our years of training were memorable in spite of long hours, much responsibility, falling asleep on the street car from classes at the University Campus to MGH. These were the war years, and social activity was limited to swimming at Lake Calhoun, walking downtown Minneapolis for a film, or our own invention of scavenger hunts, etc. What fits we must have given our house mother!

My classmates are my family. We have had reunions in Arizona, San Francisco, Seattle, and Minneapolis

Shirley J. Small
Class of 1945
