| | UD (3xxx-4xxx) W/V course | Nurs 4205V (3 cr.) Nursing Theory & Research |
| | UD in major W/V course | Nurs 4404V (3 cr.) Applied Research & Research Utilization |

The liberal education core, theme, and writing intensive requirements are UMN-TC courses required for to graduate with an undergraduate degree. To determine the transferability of external courses for liberal education, contact Admissions.

* The **red highlights** are the requirements that can be fulfilled with Honors courses. Students are expected to discuss Honors options and requirements with their UHP advisor prior to registering.

** ELECTIVES are not fulfilled through the BSN prerequisites or coursework. Students must satisfy the core, theme, and writing intensive requirements to graduate with their BSN. For a complete listing of UMN-TC courses that satisfy lib ed requirements, visit http://www.onestop.umn.edu/degree_planning/lib_ed/index.html.

- **Honors coursework** is encouraged for satisfying liberal education requirements (H/V courses).
- Writ 3562W (Technical & Professional Writing) is an option for BSN students with limited room in their schedules, because it satisfies two Writing Intensive requirements. A special online section for Nursing students is offered each fall.
